

Turn-Key Services

CFM Jet will acquire the best aircraft on the market to fit your travel needs and deliver it to you "turn-key." Whether your aircraft requires maintenance, modification, paint, interior, avionics repair and/or upgrades, we will oversee the entire project. Your aircraft will be delivered to you with all of the work done, at the best price, on time and on budget. Call us and we'll enthusiastically supply you with testimonials from past and current clients who have benefited from our "turn-key" services.

....CFM JET delivers the right products and serviceson time, on budget

Acquisition, Sales and Consulting

CFM Jet is the aircraft sales division of Corporate Flight Management, Inc. Our sales staff has an average of over 30 years of sales and acquisition experience completing transactions worldwide. We represent your best interests in the sale of your aircraft, purchase of your aircraft or acting on your behalf as your personal consultant. Do you need leasing, insurance, financing, training or legal/tax advice? CFM Jet will draw on our experience to recommend the very best in the business to you.

"CFM Jet delivered my aircraft turn-key, on budget and on time. The performance and cost of ops numbers were exactly as they quoted!"

- Shane Caldwell, Orlando, FL.
(Mergers and Acquisitions)

"After proving their expertise in the purchase of my jet, I would recommend CFM Jet to anyone needing an ally in the sale or purchase of a business aircraft"

- John Floyd, Tennessee
(CEO/Owner - Tennessee's Largest Home Builder)

"CFM Jet sold our corporate jet, protected our interests and got us top dollar. Without reservation, I would recommend CFM Jet!"

- Bud Phillips, Mississippi
(Chief Pilot/Manager - HL Aviation, LLC)

CFM Jet – World Class Marketing

CFM Jet was the very first aircraft sales organization in the world to utilize professionally produced videos to market their clients' aircraft. A sample of these videos can be viewed at www.cfmjet.com, the industry's #1 web site for the resale of business-class aircraft. In addition to the use of professionally produced photographs, virtual tours and videos, we acquire and market aircraft through our cutting-edge information technology and worldwide professional contacts.

Corporate Flight Management, Inc. (Our Parent Company)

"CFM" stands for Corporate Flight Management. CFM started in 1982 as an aircraft management company. Since then our business has grown to tens of millions of dollars annually reaching markets worldwide. Our founder and CEO Allen Howell is a recognized leader in the industry with a vision that has led our company around the globe.

Our Expansion Continues...

Our Experience - Your Benefit

In addition to the services outlined in this brochure, CFM Jet can buy your aircraft in a quick transaction or take your aircraft in trade. We can assist you in a 1031 like-kind exchange, run cost of ownership spreadsheets, compare various aircraft on a performance and cost basis, or give you our advice based on decades of everyday experience. Call us to discuss how we may put our experience to work for you!
